Declaration of conformity

Information on Regulation (EC) No 1907/2006 (REACH)

As a manufacturer of products within the meaning of the REACH regulation, we are a "downstream user" and are therefore not subject to compulsory registration.

We review the ECHA candidate list of "Substances of Very High Concern" (SVHC) for relevance to our products at regular intervals. We take our obligation to inform our customers in accordance with Article 33 of the REACH Regulation very seriously and will of course inform you unsolicited.

Should our products delivered to you contain substances of the currently valid candidate list according to Article 59 (1) of Regulation (EC) No. 1907/2006 ("REACH") above 0.1 mass %, this can be seen from the attached product list. (See website of the European Chemicals Agency (ECHA) <http://echa.europa.eu>).

As intended, our products do not release any substances.
This information is based on our current state of knowledge and the current legal situation.

Askoma AG

A handwritten signature in blue ink, appearing to read 'M. Hausin', is written over a horizontal line.

Martin Hausin

Produktliste
